About Merchant Accounts

To accept credit card donations and purchases over the Internet, you must have a merchant account authorized for Internet transactions. To get started, please follow the instructions below.

IF YOU ALREADY HAVE AN INTERNET-ENABLED MERCHANT ACCOUNT:

Ask your bank or Merchant Account Provider (MAP) to reconfigure your existing account to accept Cybersource transactions by forwarding them the attached documents:*

- MAP instruction page
- Return fax cover sheet

Your MAP will inform you of any special requirements.

Note - If you want to accept cards other than Mastercard and Visa, you must (with the help of your MAP) apply to those card services separately.

IF YOU DO NOT HAVE AN INTERNET-ENABLED MERCHANT ACCOUNT:

You have two options.

1. Open a Cybersource* Internet-enabled merchant account at your existing bank or with any other MAP and follow the instructions above. Ask us for MAPs, if you are not sure where to start.
2. Use Entango's Trust account. The Entango Trust for Nonprofits is a non-interest bearing escrow account for organizations that do not want to open a merchant account. This feature offers hassle free sign up. Please contact us to discuss the pricing and specifics.

If you have decided to use the Entango Trust for Nonprofits, you do not need to fill out the attached forms.

If you have any questions, please email cs@entango.com, or call Entango Client Services toll-free at 1-877-ENTANGO (877.368.2646).

* Cybersource is the leading Internet credit card processor
